JACKSONVILLE DISTRICT CORPS OF ENGINEERS  
P.O. BOX 4970  
JACKSONVILLE, FLORIDA 32232-0019

JAN 21 2010

To Whom It May Concern:

The U.S. Army Corps of Engineers-Jacksonville District (Corps) and Brevard County invite you to attend a public workshop on the proposed Hurricane and Storm Damage Reduction Project, Mid-Reach Segment, Brevard County, FL. The purpose of this workshop is to provide stakeholders one last opportunity to discuss and comment on the project prior to sending the final report to Corps Headquarters, Washington D.C. This meeting will be held at the following time and place:

**DATE:** February 10, 2010  
**TIME:** 6:00 to 8:00 PM  
**PLACE:** Radisson Suite Hotel Oceanfront  
3101 North Highway A1A  
Melbourne, FL 32903  
(321)773-9260

Authorization for Federal participation in this study was provided by the Water Resources Development Acts of 2000 and 2007. The Mid-Reach study length is 7.8 miles in length, and is located between Patrick Air Force Base in the north and the Brevard County South Reach shore protection project to the south (see enclosed map). The Tentatively Recommended Plan consists of beach nourishment, including a 10-foot extension of the mean high water line plus advanced nourishment to maintain that design fill volume in Reach 1 (R-119 to R-109), a 20-foot extension of the mean high water line plus advanced nourishment to maintain that design fill volume in Reaches 2 and 3 (R-109 to R-99), a 10-foot extension of the mean high water line plus advanced nourishment to maintain that design fill volume in Reaches 4 and 5 (R-99 to R-83), and a dune fill in Reach 6 (R-83-R-75.4).

The public workshop will feature a brief presentation on the project from 6:00-6:15 PM. Following the presentation, you will be invited to informally discuss the project with Corps and Brevard County staff from 6:15-8:00 PM. Federal and State natural resource agencies are also being invited to attend.
